

SANJAY JAISWAL

PRODUCT DESIGNER | UI/UX DESIGNER | ENTERPRISE SAAS | AI-ASSISTED EXPERIENCES

Gurugram, India | +91 9310215495 | connectwithsanjayjaiswal@gmail.com | LinkedIn: linkedin.com/in/sanjaydes | Portfolio: sanjayjais.github.io

SUMMARY

Product Designer with **4+ years of experience** delivering user-centered digital products across enterprise platforms, SaaS products, ERP systems, CRM workflows, service marketplaces, and data-driven interfaces. Experienced in translating complex business requirements and operational workflows into intuitive, scalable experiences through user research, information architecture, user flows, wireframing, prototyping, interaction design, and high-fidelity UI. Currently working at Hestabit Technologies on client-facing web and enterprise products, including **eSign for SNF**, a healthcare e-signature platform for an SNF client in the UK, designed around resident signing, verification, document workflows, and facility operations. Previously led product design for a **5-module ERP platform** at Orgaeath Laundry Solutions and worked across LMS, HR systems, SaaS products, and corporate websites at DataEinstein Technology. Experienced in AI-assisted design workflows using ChatGPT, Gemini, Google AI Studio, Stitch, and Figma Make for ideation, exploration, prototyping, and design execution.

SKILLS

UX Process: User Research, User Interviews, Surveys, Personas, Journey Mapping, User Flows, Information Architecture, Wireframing, Prototyping, Usability Testing, Heuristic Evaluation, Design Thinking, Agile, Scrum Collaboration

Visual & Interaction Design: High-Fidelity UI, Visual Design, Responsive Design, Typography, Visual Hierarchy, Interaction Design, Accessibility, Inclusive Design

Design Systems: Design Systems, Component Libraries, Reusable Components, Style Guides, Design Patterns, Design Documentation

AI & Emerging Tech: AI-Assisted Experiences, AI-Assisted Prototyping, AI Design Workflows, Conversational UX, Human-Centered AI, Generative AI Tools, Product Discovery

Tools: Figma, Adobe XD, Framer, Figma Make, Stitch, FigJam, ChatGPT, Gemini, Google AI Studio, Illustrator, Photoshop

PROFESSIONAL EXPERIENCE

Hestabit Technologies Pvt. Ltd.

UX/UI Designer

May 2026 – Present

Noida

- **Led the end-to-end UX/UI design of eSign for SNF**, a complex healthcare e-signature platform for an SNF client in the UK, designing experiences across **6 role-based portals**—Super Admin, Sub Admin, Group Admin, Facility Manager, Facility Employee, and Resident—with workflows tailored to distinct operational responsibilities.
- **Designed multi-device and end-to-end e-signature workflows** across web applications and kiosk interfaces, covering document preparation, remote signing, resident verification, save and resume, facility branding, consent, and re-consent processes for residents and facility staff.
- **Contributed to Playvium and CrewLane** by translating business requirements into user flows, information architecture, wireframes, interactive prototypes, and high-fidelity interfaces for complex web-based products.
- **Collaborated with stakeholders and developers** throughout the product lifecycle, from requirement discovery and UX exploration through interaction design, documentation, and production-ready handoff.
- **Applied AI-assisted design workflows** using Figma Make, Stitch, ChatGPT, Gemini, and Google AI Studio for ideation, design exploration, rapid prototyping, and design execution.

Orgaeath Laundry Solutions

Product Designer

April 2024 – April 2026

Gurgaon

- **Led product design for a 5-module enterprise ERP platform**, covering sales, purchase, service, CRM, and document workflows across multiple operational teams reducing design-to-dev handoff time by 20 Percentage through standardized documentation..
- **Structured role-based experiences** for administrators, sales users, purchase teams, service teams, and CRM operations to support distinct business workflows and responsibilities.
- **Defined dashboards and operational interfaces** across sales management, purchase workflows, service management, product management, CRM operations, and document generation.
- **Established a structured product design workflow** to improve design consistency, collaboration, and overall design standards.
- **Standardized UI patterns, visual hierarchy, and reusable interface structures**, improving consistency across the product experience.
- **Collaborated with stakeholders and developers** to align product experiences with business requirements, technical feasibility, and implementation constraints.

DataEinstein Technology Pvt. Ltd.

UX/UI Designer

May 2022 – March 2024

Noida

- **Led UX/UI delivery across multiple digital products** including Learning Management Systems and HR platforms.
- Improved **LMS course navigation, information structure, and learning workflows**, contributing to a measurable **25% increase** in student engagement.

- **Developed three versions of the DataEinstein corporate website**, refining content structure, visual communication, usability, and digital presence.
- **Simplified HR workflows** through attendance tracking and payroll dashboards designed for internal teams and data-heavy tasks.
- **Produced user flows, wireframes, interactive prototypes, and high-fidelity interfaces** while collaborating with developers and stakeholders to support accurate implementation.

Manali.App — Travel Marketplace

Safar Wanderlust

A three-sided travel marketplace connecting travelers, local vendors, and internal teams across activity discovery, bookings, and operations.

Key Focus: Marketplace UX, travel discovery, vendor experience, activity discovery, booking workflows

Systems: User Travel App, Vendor App, Team Management Dashboard

LEHK — Local Expert Hai Kya

Service Marketplace

A multi-sided service marketplace connecting users with local experts while supporting vendor onboarding, service management, and operational workflows.

Key Focus: Service discovery UX, marketplace workflows, vendor onboarding, service management

Systems: User Platform, Vendor Platform, Operations Dashboard

EDUCATION

Bachelor of Technology in Computer Science and Engineering

A.P.J. Abdul Kalam Technical University | 2019 – 2023

Senior Secondary Examination (CBSE)

Dr. Savita Memorial Global Academy | 2019

Certifications: Web and Mobile Designer: UI/UX, Figma + More — Udemy

Motion Design with Figma: Animations, Motion Graphics, UX/UI — Udemy
